Mr. Joseph Pettah.—I am very glad that a rather comprehensive scheme is already under the contemplation of the Government.

Mr. K. Ayyappan.—It is not.

Mr. Joseph Pettah:—At least that is my idea of it. If that scheme is carried into effect something will be done to make the institution more useful than it is at present. But my only request in this connection is that even this modest scheme may not be kept in abeyance for an indefinitely long time as some other schemes are kept. My request is that it may engage the urgent attention of the Government and that they should carry it into effect at the earliest possible opportunity and should not be made the subject of indefinite consideration for an unusually long number of days. With this request I desire to withdraw the motion.

Motion was, with leave, withdrawn.

Demand put and carried.

Bill to amend the Places of Public Resort Regulation, X of 1097.

President.—The Government Advocate and Law Officer will move the Bill to amend the Places of Public Resort Regulation, X of 1097.

Mr. Thomas Manjuran.—The object of this Bill is to introduce a small amendment in the Places of Public Resort Regulation X of 1097 with a view to confer upon the Health Department certain powers for entering into licensed places of public resort and inspecting them with a view to ascertain and ensure the sanitary conditions within the enclosures; to see that they are consistent with the requirements and are such as could be countenanced by the department. When the original regulation was introduced there did not exist the Department of Public Health as it exists today and it was thought that an amendment of the law as is now proposed would be a very

desirable thing. I need not justify this measure because it is obviously a non-controversial measure. The investment of such a power in the Health Department is highly desirable. As the Honourable Members may know the sanitary conditions of some of our drama sheds and other places of entertainment are not quite good as they ought to be. It is only to confer this power to the Health Department that this amendment is proposed. The Department may interfere in suitable cases. I now submit that the Bill may be read in Council.

Mr. C. J. Mathew.—I second it.

Motion put and carried.

Mr. C. J. Mathew.—The title of the Bill is a "Bill to amend the Places of Public Resort Regulation, X of 1097."

Mr. Thomas Manjuran.—I further move that the Bill may be taken into consideration straightway. There is no necessity to appoint a Select Committee as this is only a very small non-controversial measure.

Mr. C. J. Mathew.—I Second it.

Motion put and carried.

Mr. Thomas Manjuran.—I beg to move that the Bill may be taken up and passed on Thursday.

Mr. C. J. Mathew.—I Second it.

Motion put and carried.

Mr. A. Sivarama Menon.—On a point of information, may I know the reason why the first Bill was not moved.

Mr. Thomas Manjuran.—I do not move the first Bill because under the Council rules as it stands it is not admissible because that Bill was passed over during the last meeting under Standing Order No. 26. In printing the Agenda that matter does not seem to have been noticed. That is why you did not hear anything about that Bill.

The Cochin Penal Code Amendment Bill.

Mr. Thomas Manjuran.—Now I rise to move the Bill to amend the Cochin Penal Code. This again is not only a non-controversial measure but will, I feel sure, be acclaimed as a piece of progressive legislation. This amendment is to do away with what may be called something like a system of indentured labour, provision for which exists in our Penal Code,
